***The Blue Cleaner Pad** is constructed of polyester fibers in a semi open texture nonwoven fabrication and is designed for medium scrubbing. Abrasive particles are dispersed throughout and bonded to the nonwoven construction with a durable adhesive. Use with a neutral floor cleaning solution to remove old soiled floor finish layers.

****Brown Strip Pad** is constructed of polyester fibers in a semi open texture nonwoven fabrication and is designed for medium duty stripping. Abrasive particles are distributed throughout and adhered to the nonwoven construction with a sturdy adhesive. This product is designed specifically for customers who want a more dense nonwoven pad.

***Green* Initiative**

a. Polyester fiber used in our pads come from 100% post consumer and industrial recycled waste product.

b. Water Based Latex Resins are used in the manufacturing process. No phenol-formaldehyde resins are used in our binding process.

c. Shipping cartons contain at least 45% recycled material.
